

HOLTER ECG

DATE OF PROCEDURE	
TIME OF ARRIVAL AT THE RECEPTION DESK	

(The examination may be delayed because of the nature of the procedure.)

ABOUT THE PROCEDURE:

This procedure measures the electrical activity of the heart over 24 hours. It continually detects irregular heartbeats, conduction abnormalities, and irregularities in myocardial blood supply in an ECG recorded over an extended period of time in conditions of normal daily activities of the patient.

This examination can be fully paid for by the patient.

Patients who register for an examination which they will pay for are asked to go to the Reception Desk of the Specialist Outpatient Care Department (Elevator 3, 1st floor) to make the payment and provide the necessary data.

HOW TO PREPARE FOR YOUR APPOINTMENT:

On the day of your procedure, wear loose-fitting clothes and do not use any body lotion. Men should shave the upper portion of their chest.

MEDICATIONS:

Take your medications according to the instructions of your physician.

How to collect the results:

The examination report will be available 2 working days after the examination.
Call 516 17 11 66 to find out whether your results are ready.

NOTE!

The examination report can be collected in person or with written authorization at the Main Reception Desk (next to the reception officer suite), from Monday to Friday, between **8:00 a.m. and 4:00 p.m. (until 6:00 p.m. on Thursdays).**
